

AI for Bharat
Learn Faster. Build Better.

Certificate of Recognition

This certificate is presented to

Balaji K R

For the successful completion and valid submission in **Workshop 3: Building an Image Editing Serverless Application**. Awarded in recognition of designing and implementing a production-ready serverless web application with generative AI capabilities, integrating authentication, RESTful APIs, and NoSQL data storage for intelligent image editing. This accomplishment demonstrates proficiency in leveraging generative AI capabilities on AWS and clearly documenting the end-to-end development workflow through a technical blog published on the **AWS Builder Center**.

Certificate ID: 2025H2S11AB-W300117

Date of Issue: Fri Dec 26 2025
