

Certificate of Recognition

This certificate is presented to

Balaji K R

For the successful completion and valid submission in the **Workshop -2** of **AI for Bharat**.

Awarded in recognition of mastering Retrieval Augmented Generation (RAG) techniques by building a functional prototype of a Context-Aware AI Application. This achievement demonstrates the ability to utilize knowledge bases, embeddings, and vector databases to ground Large Language Models in accurate, factual data, successfully overcoming foundation model hallucinations, and documenting the complete RAG implementation through a detailed technical blog on the **AWS Builder Center**.

Certificate ID: 2025H2S11AB-W200069

Date of Issue: Tue Dec 23 2025
